

**José Manuel GONZALEZ** was born in Madrid in 1974 and he is married with three children.

He is an Agronomic Engineering by Polytechnic University of Madrid, specialized in food industries.

Since January 2007 he works for the European Programmes Division of CDTI as Spanish Delegate to “Bioeconomy” under 7<sup>th</sup> Framework Programme (2007-2013) and H2020 (from 2014 onwards). He is also representing Spain in the BioBased Industries Joint Undertaking and since April 2014 he is chairing the States Representative Group of this Initiative.

Prior to that Jose Manuel GONZALEZ worked for more than 6 years as project manager for CGI, S.A. a consultancy firm specialized in agro-food industries in which, in his last year, he took part of the Board of Directors.

During 2014 and 2015 he worked in the preparations of the Spanish Strategy on Bioeconomy, and nowadays he is a member of the Bioeconomy Observatory in Spain.
